JobFest 2026 - Employer FAQ

What is the deadline to register for JobFest 2026?

To receive the early-bird pricing of \$100, you must register before March 1, 2026. After this date, the price will increase to \$150 until the event is sold out.

Once sold out, interested companies may join our waitlist by visiting the [JobFest 2026 Eventbrite registration](#) and clicking *Join waitlist*.

Why is there a cost to participate at JobFest when this event has been free to employers in the past?

We are introducing a participation fee for JobFest beginning in 2026 because the workforce grant project that previously funded the event is set to expire. To continue offering an event that brings meaningful connections and supports ongoing workforce development, this small fee helps ensure JobFest remains a sustainable and valuable resource for our community.

What's included in my registration?

Your registration provides entry for two company representatives. Each vendor will be provided with one table (5 ft. L × 1.5 ft. W) and two chairs, with access to electricity by request. Wi-Fi is available for everyone. Vendors will also receive a JobFest care package at their table, including a pair of waters and a selection of snacks.

Is my company allowed to bring more than two representatives to JobFest 2026?

To ensure a comfortable experience for all participants and maintain smooth traffic between employer tables, we kindly ask that each company limit its representatives to the allotted two reps.

Will my company's table be placed indoors or outdoors?

To ensure the comfort of both employers and job-seekers, your table will be indoors.

Do I need to present my company's Eventbrite ticket at check-in?

No printed ticket is required. Simply let us know which company you're representing when you arrive, and a team member will guide you to your table.

What is your cancellation/refund policy?

Employers may cancel their registration up until **Friday, March 6, 2026**. **After this time, no refunds will be issued.**

To cancel your registration, follow these steps:

1. [Log in to Eventbrite](#).
2. Go to *Tickets*.
3. Find your JobFest 2026 order.
4. Select *Request a refund*.
5. Enter your details and submit your request.

How do I make updates to my company's registration information?

For any changes to your reservation, please email marketing@maricopacorporate.com.

What if our company wants multiple departments to be represented?

Each registration will provide one table and two chairs for two company representatives. Should you have a large company that represents multiple departments, please register these entities separately to ensure you have the proper amount of space.

What can my company donate as a JobFest 2026 raffle prize, and where should we bring it?

Employers who donate prizes help elevate the job-seeker experience! Raffle prize contributions are entirely up to each employer. Branded items with your company's logo are a great option, but not required. Please bring your item with you to the event.

What are attendees expecting to gain from attending JobFest 2026?

We've highlighted the value of in-person career fairs and encouraged job-seekers to bring resumes and dress professionally. While we haven't promised attendees that they will receive on-site interviews, many hope to connect with reps who can discuss roles, hiring, and company culture.

What steps have been taken to ensure attendees are familiar with our company and job openings?

Based on your registration information, we create employer info handouts with your careers page, industry focus, and job types. This information is shared with job-seekers digitally prior to JobFest, and will also be available in printed format at check-in on event day.

How do we stay informed about future career fairs or events?

We're excited to keep you in the loop about upcoming opportunities similar to JobFest! Upon registration, you will be added to our internal email list to receive invitations for future events.
